

My weight loss story

Weight lost:
104 pounds

"Dr. Finley has saved my life. The staff is wonderful and very helpful through the whole process. I had my gastric sleeve done 4-29-24 and here it is a little over a year later and I'm down 104 lbs. He made me feel like I was his only patient and was genuinely concerned for my health and wellbeing. There was a point in time where I asked him about another surgery for my diastasis recti, and he assured me that I would not have to worry about it because it would go away with the weight loss. My high blood pressure, sleep apnea and type 2 diabetes are gone now, and I feel like I am back on my early 20's. That's a great thing for a 56-year-old. I would recommend him to anyone who is looking to change their life for the better. Not that I care too much what other people think, but going to the beach now feels a lot more comfortable. Don't hesitate to take your life back with Dr. Christopher Finley, he's the best!"
