

# My Weight Loss Story

Weight Lost: 124 pounds

**Before**

**After**

“Dr. Christopher Finley is literally the best surgeon you could ever hope for. Flawless surgery, thorough as can be. I fully trust my life in his hands. He had me in a private room for recovery and made sure I was in great hands. The hospital overnight stay was very comfortable. He also has a nurse practitioner, and nutritionist on staff. The office makes me feel so at home and cared for. They know me personally and have been so supportive in my journey. Here is a before and after photo of my weight loss so far. I am about to have another surgery with him for my separated abs during pregnancy.”
